## **SMHRF Stakeholders: Quarterly Newsletter - Hospital Discharge Best Practice Reminder | Review On-Demand FDDP Training, FAQs, and Program Resources**

### **BEST PRACTICE: Never Discharge Prior to Completion of FDDP Assessment**

One critical step of the Front Door Diversion Program (FDDP) that Hospitals should always keep in mind, is to never discharge prior to completion of an FDDP Assessment. This important step helps support the goals of the FDDP, a DHS-funded program developed to support the goals of the Williams Consent Decree, which mandates that no individual with a serious mental illness (SMI) who is determined to be able to live in a community-based setting shall be admitted into a SMHRF before first being offered community-based services.

### **Have additional questions about FDDP processes?**

Click the link to review an informative [On-Demand Training: FDDP 101 Webinar for Hospitals](#). This session covers several topics, including:

- SMHRF assessment and FDDP referral processes
- What to expect if a Front Door Diversion recommendation is made
- More info about the Williams Consent Decree and the importance of individuals being offered community-based services

### **FAQs: Mental Health Diagnoses and SMHRF Admission**

#### **Q: Does an individual have to have a Serious Mental Illness to enter a SMHRF?**

A: Yes, SMHRFs are facilities that help individuals with serious mental health conditions. Some mental health conditions that may qualify are:

- Bipolar or Related Disorder
- Psychotic Disorder
- Depressive Disorder
- Post-Traumatic Stress Disorder
- Borderline Personality Disorder
- Obsessive Compulsive Disorder

If the referring individual has never been formally diagnosed with a serious mental health condition but you believe the person has a Serious Mental Illness, complete the SMHRF referral and Maximus will further investigate this during the assessment.

#### **Q: Does simply having a Serious Mental Illness automatically qualify an individual for admission to a SMHRF?**

A: While having a confirmed or suspected severe mental illness is part of SMHRF criteria, Maximus will also look at how this diagnosis has impacted the individual throughout their life span. Areas Maximus will review during the SMHRF assessment process include:

- Social history and demographic background information
- Psychiatric history and history of psychiatric hospitalizations
- Substance abuse history, including a substance abuse assessment
- Cognitive impairment screen
- Co-morbid medical conditions, treatment, and management
- Medications – history and compliance
- Strengths and preferences
- Risk indicators or potential
- Criminal history

- ADL and IADL self-management skills
- Medical conditions, including any medical condition that may have an impact on the person's appropriateness for placement in a community-based setting
- History of physical abuse or trauma
- Goals and objectives that the individual will need to achieve to be discharged to community living

## **ATTN Hospitals: Best Practice Reminder on PASRR Level I Submissions**

In the weeks following the March 14 launch of the redesigned PASRR program, Maximus continues to conduct routine analysis for all types of Level I submissions, as a part of an ongoing commitment to quality. As you prepare every Level I submission, remember to take this important best practice step:

- Always ensure the accuracy of the information you input for each new Level I submission. This critical information should include all diagnoses and any confirmed or suspected mental health diagnoses, as well as all psychotropic medications currently prescribed.
- Remember this screening influences the care setting and services for the Individual in your care, completing the screening accurately is imperative, and this information should be collected through available medical records and a conversation with the Individual.

Thanks again for your valued partnership throughout the recent transition and the standardization of new processes for this impactful program.

### **Important Process Update: SMHRF and PASRR Programs Adopting Hybrid Assessment Model**

Per guidance developed with the **Illinois Department of Healthcare and Family Services (HFS)**, the performance of PASRR and SMHRF assessments transitions this month from the current model of virtual (HIPAA-compliant Zoom), to a **new hybrid assessment model**, primarily focused on in-person assessments.

SMHRF assessments began using this new model on Wednesday, **June 1, 2022**. PASRR assessments will transition to the hybrid model on Wednesday, **June 15, 2022**. Moving forward from these dates, please be aware that Assessors will attempt to contact facilities to schedule face-to-face interviews. If Assessors are unable to complete the assessment face to face, then the assessment will be conducted using the virtual model.

### **System Update: IP Address for AssessmentPro to be Updated on Wednesday, June 15, 2022**

On the evening of **Wednesday, June 15**, the Maximus IT team will **update the IP address** for [AssessmentPro.com](https://www.AssessmentPro.com). This change is not expected to affect any existing bookmark or site access for the majority of all system users.

In the unlikely event this change does affect your ability to access the site after the transition date, please contact your organization's IT support team. Notify them that you require updated access to the AssessmentPro site and forward the detail below so that they can add the information to their list of approved IP addresses.

### **ATTN Nursing Facilities: PASRR Follow Up Visits - Review Support Resources and On-Demand Training | AssessmentPro Access Reminder**

**What is a Follow Up Visit?** A Follow Up Visit is an in-person visit scheduled between the 30th and 60th day of a person's Nursing Facility (NF) stay. Follow Up Visits are performed by Maximus Regional Case Managers for all individuals who had an PASRR Level II Mental

Health Assessment and are still residing at the facility. The purpose of the visit is to meet with the Discharge Planner and individual to verify the status of the individual's discharge planning, connection to community resources, and receipt of PASRR identified services.

**How do I prepare for a Follow Up Visit?** NF staff have seven days to enter newly admitted individuals into their PathTracker census in AssessmentPro. On day 25 of the person's stay, AssessmentPro will automatically alert the NF Administrator to complete a short questionnaire and upload the Plan of Care. If this step is not completed, the NF Administrator will receive another alert at day 27 and 29. On day 30, the individual will be assigned to a Regional Case Manager to complete the Follow Up Visit and the submission window closes. The NF staff will no longer be able to complete or edit the questionnaire, nor electronically upload documents into AssessmentPro. This information will need to be gathered via onsite interview. However, NF staff can still use the Maximus fax cover sheet to submit the Plan of Care. If faxing the form, please put the AID# on the cover sheet. *Responding to alerts before the 30th day will help expedite the process.*

**What support resources are available?** Everyone on your team involved in the PASRR process, including Discharge Planners and Social Workers, should review the training materials, reminders, and additional resources below to be fully prepared when contacted by a Maximus Regional Case Manager for the scheduling of Follow Up Visits for individuals currently residing in your facility.

### **TRAINING: Review Follow Up Visit Training Recording + Presentation Slides**

If you have yet to do so or would like a refresher on **Follow Up Visits processes**, review the training recording and accompanying presentation PDF linked below. These cover many key questions your facility team may have regarding Follow Up Visits, including:

### **REMINDER: Facility Administrators Should Provide AssessmentPro Access**

If you are the AssessmentPro Administrator for your facility, be sure to **grant AssessmentPro access** to any Social Workers, Discharge Planners or others assisting in facilitation of a Follow Up Visit, and those who you would like to complete the NF staff portion of the ServiceMatters Plus form (for the Follow Up Visit) and upload the Plan of Care. Performing this step quickly will help to avoid potential delays in the process.

## **SMHRF & SLP Stakeholders: FDDP Geared On-Demand SMHRF Training + SLP Best Practice Reminders + Password Protected Content Access Change Planned for June 15**

### **Attention Hospitals Partnered with Front Door Diversion Providers (FDDP): Now available SMHRF On-Demand Training**

An informational webinar was held in mid-April covering several key topics geared toward the Front Door Diversion process, including:

- Background on the Williams Consent Decree and its impact on the Specialized Mental Health Rehabilitation Facility (SMHRF) admission process.
- ‘What to expect’ at each step of the SMHRF process workflow, including the FDDP consultation.
- Information about Front Door Diversion – who they are, what they do, and what services they offer.

If you work at a hospital that is partnered with an FDDP and were unable to attend the webinar, or would like a refresher on the information covered, click the link below for a walkthrough of this insightful training:

### **REVIEW: Supportive Living Program (SLP) Process Best Practice Reminders**

1. **Nursing Facilities (NFs) should submit a SLP initial screen in AssessmentPro prior to an individual’s transfer to a Supportive Living Program (SLP).** Submission of the initial screen may result in a referral for a preadmission SLP Comprehensive Assessment for Serious Mental Illness and/or a Developmental Disability.

Prospective SLPs should obtain both the initial screen and/or comprehensive assessment outcome prior to the individual’s admission interview and potential program participation. When someone is transferring from a NF to SLP, there is no need for a new DON.

2. **The submitter of the SLP Initial Screen should always include the individual’s phone number on the screen.** The individual must be involved in any triggered SLP Comprehensive Assessment, which requires Maximus to contact them accordingly. Screen submitters who provide the person’s number and alert the individual to expect contact from Maximus, can expect to see quicker turnaround times for the completion of SLP processes.
3. **The admitting SLP and discharging Hospital (or other setting) should work together to ensure that SLP Screen/Assessment processes, as well as DON processes are**

**completed prior to a person's interview for potential admission.** The DON, conducted by a Care Coordination Unit (CCU) or Department of Human Services – Division of Rehabilitation Services (DRS), verifies that someone meets Nursing Facility (NF) level of care. The SLP Screen and Assessment, if triggered, verifies the person's appropriateness for a SLP setting based on an evaluation of any persistent needs or risks related to a known or suspected serious mental illness or developmental disability.

4. **Completion of the SLP Initial Screen requires the inclusion of healthcare information (MH and DD related information).** In most cases, the HOPE settlement prohibits the SLP from having access to an individual's healthcare information before receiving the results of an SLP Screen and Assessment (if triggered) and the DON. This may inherently limit SLP initial screen submitters to entities other than the prospective SLP.
5. **SLPs seeking a participant's transfer to a Nursing Facility should initiate a PASRR Level I Screen in AssessmentPro.**

## PROCESS CHANGE: Steps to Access Password Protected Website Resources

On **Wednesday, June 15**, the process to access protected content on the Illinois Tools and Resources website will become more user friendly. Currently, protected items such as AssessmentPro system training materials are available only by requesting access from the Help Desk. Beginning June 15, a "lock" icon will appear next to any existing pw-protected content available on the site. You will have two easy options for unlocking file access:

### Option 1 – If you're on the IL Tools and Resources page:

1. Click on any resource link with a "lock" icon
2. You will be routed to the AssessmentPro site > log in using your existing system credentials
3. All password protected items on the website will be unlocked and available for the duration of your website session

### Option 2: – If you're already logged into AssessmentPro:

1. Select the Resources option in your account dropdown at top-right of the system screen (shown below)
2. This will take you to the My Contracts page > select your program link
3. You will be taken to the IL Tools and Resources page, where all previously pw-protected items will now remain unlocked for the remainder of your AssessmentPro session

**PASRR Stakeholders: Quarterly Newsletter - Reminder on PASRR and DON Process Completion + 2536 Submission Guidance for CCUs + Password Protected Content Access Change Planned for June 15**

**REMINDER: Ensure Completion of PASRR and DON Processes Before Admission**

For compliance with Medicaid rules as well as State and Federal law, the admitting Nursing Facility (NF) and discharging Hospital (or other setting) must ensure that both PASRR processes and DON processes are completed, prior to the person's admission into a NF.

The DON, conducted by a Care Coordination Unit (CCU) or Department of Human Services – Division of Rehabilitation Services (DRS), verifies that someone meets NF Level of Care.

PASRR verifies if the person has a known or suspected Serious Mental Illness (SMI) or Developmental Disability (DD) and if that is the case, determine if the NF setting is appropriate for their needs and if they require specific services during their stay.

**ATTN CCUs: Upload the 2536 When Entering DON Score into AssessmentPro**

CCUs can ensure admitting NFs have the 2536 by uploading it to AssessmentPro at the time the DON score is entered. HFS now allows for the 2536 to be uploaded to AssessmentPro prior to the admitting NF and the anticipated admission date being included when it is not yet known. Maximus will no longer accept a faxed or emailed 2536 for upload to AssessmentPro.

## **ATTN SMHRF Facilities – Review SMHRF Admission Best Practice Reminders**

### **Required Steps Ahead of SMHRF Admission**

Admission to a Specialized Mental Health Rehabilitation Facilities (SMHRF) requires an assessment prior to admission that determines the appropriate level of service. This assessment is required for authorization of services.

Similarly, the person cannot admit to a SMHRF until the entire SMHRF Assessment process has been completed. Until there is a SMHRF Determination outcome which indicates the person is *SMHRF Eligible*, authorization for services cannot occur. The person cannot admit to a SMHRF until the entire SMHRF Assessment process has been completed. This also includes the assessment and determination for those identified as eligible for Front Door Diversion Services.

### **SMHRF Admission and PASRR Level II Assessment**

A PASRR Level II Assessment is no longer considered acceptable for SMHRF admission as of **April 18, 2022**. Any admissions that have taken place since that date must have a SMHRF Assessment with an outcome indicating that the person is *SMHRF Eligible*. If the person has an outcome of *SMHRF Eligible-Recommended for Front Door Diversion* and they are admitting to a SMHRF facility from a hospital that is affiliated with a Front Door Diversion Provider, the admitting SMHRF should verify that person's FDDP consultation has been completed before proceeding with admission.

### **Timeline for PathTracker Submission**

All SMHRF admissions must be entered in PathTracker within 7 days of admission. SMHRF admissions are being monitored to ensure that the person is not admitted prior to completion of the entire SMHRF assessment process. Admissions that occur prior to completion of the entire SMHRF assessment process are at risk of not being authorized.

## **ATTN HOSPITALS: Attend FDDP 101 Webinar for Hospitals | Options: Tuesday, May 10 – Friday, May 13, 2022**

The **Front Door Diversion Program (FDDP)** is a DHS grant-funded program that was developed to support the goals of the Williams Consent Decree, which mandates that no individual with a serious mental illness (SMI) who is determined to be able to live in a community-based setting shall be admitted into a SMHRF before first being offered community-based services.

FDDP provides community-based services and support to individuals with SMI that includes:

- Housing options
- Community outreach and engagement
- Linkage to community treatment
- Other supports such as emergency medications, food, clothing, and transportation

### **REGISTER: FDDP 101 Webinar for Hospitals**

The FDDP program was piloted in 2017 and has since expanded to partner with 46 hospitals. As you are identified as being registered with AssessmentPro to submit SMHRF Referrals on behalf of one of those hospitals, it is important that you have a clear understanding of how the SMHRF assessment process with Maximus and the Front Door Diversion process interact. Register below for an important training webinar covering the FDDP basics and SMHRF Referral submission.

**When:**

**Option A: 2:00 p.m. – 3:00 p.m. CST Tuesday, May 10, 2022**

**Option B: 9:00 a.m. – 10:00 a.m. CST Friday, May 13, 2022**

### **Topics:**

This training will cover several important subjects, including:

- An in-depth workflow of the SMHRF assessment process and Front Door Diversion referral process
- What to expect if a recommendation for Front Door Diversion is made
- More info about the Williams Consent Decree and the importance of individuals being offered community-based services

**Click the link below to register for one of the training dates listed below that works best for you.**

After registering, you will receive a confirmation email containing information about joining the webinar.

## **SMHRF & SLP Stakeholders: Review Important Updates Including SMHRF Outcomes, AssessmentPro Insights + SLP Initial Screen Reminders + Program Resources to Explore**

As we continue moving forward from the recent redesign of Supportive Living Program (SLP) and Specialized Mental Health Rehabilitation Facility (SMHRF) processes, please review some important updates below, including an AssessmentPro system tip, screen submission reminders, and helpful resources to support your team's work with these impactful programs.

### **ATTN SMHRF REFERRAL SUBMITTERS: AssessmentPro – SMHRF Status Indicator**

The SMHRF Assessment process is not considered complete until the **SMHRF Determination** has been completed. Although it may be confusing to see 'SMHRF Referral' listed as Complete in AssessmentPro (shown below), this simply means that the referral has been received by Maximus. Once a referral is received by Maximus, the assessment and determination must still be completed. Until you see a SMHRF Determination for the person in your My Recent Outcomes queue with an Outcome listed, the SMHRF Assessment process has not been completed.

When a SMHRF Referral moves to Completed status in AssessmentPro it is then queued for a SMHRF Onsite assessment. These will be visible in your gray navigation bar. If you click on the Individual ID and

navigate to the individual's Episodes (shown below), you can see the status of the SMHRF Onsite assessment.

Demographics

Episodes

Appeals

PathTracker

Notes

Episode ID	Assessment ID	Type	Status	Outcome	Length O
		SMHRF Onsite	Queued for Review		
		SMHRF Referral	Completed	Completed	

Once the SMHRF Onsite assessment moves to Completed status in AssessmentPro, it is then queued for a SMHRF Determination. Once the SMHRF Determination is complete, you will see an Outcome. This will show up in both the individual's Episodes AND in your Recent Outcomes (shown below). Until there is an Outcome for the SMHRF Determination, the SMHRF process is not complete.

Demographics Episodes Appeals PathTracker

Episode ID	Assessment ID	Type	Status	Outcome	Length Of Stay	Effective Date	Determination Issued	End Date
100								

To admit to a SMHRF, there **MUST be an outcome that says *SMHRF Eligible***.

- If the outcome is SMHRF Eligible only, with no recommendation for ***Front Door Diversion Referral***, the person may admit to a SMHRF with no further action needed.
- If the outcome is SMHRF Eligible-Recommended for Front Door Diversion Referral and the person is currently admitted to a hospital that is connected to a Front Door Diversion Provider (FDDP), the person CANNOT admit to a SMHRF until the FDDP has completed their consultation with the person.
- If you are not sure if your hospital is affiliated with an FDDP, [click here](#). Front Door Diversion is an essential part of the Williams Consent Decree and a vital step toward ensuring that people are offered choices to have their needs met in the community prior to SMHRF admission.

## PROCESS: SLP Initial Screen Submission

As a result of the HOPE settlement, SLP provider staff may not request any health-related information, including diagnoses and medications, from a potential resident until after results of the Determination of

Need (DON) assessment, SLP Initial Screen and, if required, completion of the comprehensive assessment.

- **This means that a SLP provider's ability to submit SLP Initial Screens is limited** because completion of the screening fields requires knowledge of disability related health information that a SLP provider would not yet be able to access.
- SLP providers can and should complete SLP Screens for those who are:
  - Transferring from SLP to SLP

*Note: The discharging SLP completes the SLP Initial Screen*

- Converting to Medicaid

In very specific cases, Illinois and the HOPE settlement do allow for post-admission SLP processes which may, but not always, necessitate completion of the SLP initial screen by the SLP provider. These limited situations may include:

- Discovery of new information during the SLP admission interview
- Admissions from out of state
- Admissions from a hospital on an emergency or outpatient basis
- Admissions resulting from an (unplanned) lack of caregiver availability

This means that **the most common submitters of SLP Initial Screens will be:**

- Care Coordination Units (CCU)
- Division of Rehabilitation Services (DRS)
- Hospitals (medical, psychiatric, or critical access)
- Nursing Facilities
- Division of Developmental Disabilities (DDD)/Independent Service Coordination (ISC) Agencies
- Community Mental Health Centers (CMHC)

**More Frequently Asked Questions (FAQs)** about the SLP process are available for review [here](#).

**Note:** *Maximus will make an automatic referral to the CCU/DRS to conduct a DON, based on the SLP referral reason indicated by the submitter. However, communication of its completion is to be handled between the SLP Initial Screen submitter and CCU/DRS. Screen submitters will have access to the DON score in AssessmentPro, if, and when the CCU/DRS provides an update within the system.*

## ATTN Nursing Facilities - Prepare for New Service, Follow Up Visits – Take On-Demand Training Course + Review Additional Resources

As shared in a recent communication to all PASRR program stakeholders, implementation steps continue for a new service, **Follow Up Visits**. A Follow Up Visit is an in-person assessment scheduled between 30 and 60 days after an individual has been admitted into a Nursing Facility (NF). Each Follow Up Visit will be performed by a Maximus Regional Case Manager for all individuals who had an eligible PASRR Level II Assessment.

NFs have seven days to enter an admitted individual to PathTracker in AssessmentPro. This only applies to individuals admitting after March 14, 2022.

**Preparing for next steps:** Everyone on your team involved in the PASRR process, including Discharge Planners and Social Workers, should review the training materials and additional resources below to be fully prepared when contacted by Maximus for the scheduling of Follow Up Visits for individuals currently residing in your facility.

## TRAINING: Review Follow Up Visits Training Recording + Presentation Slides

The Follow Up Visits training recording and accompanying presentation PDF linked below cover the key aspects of this new service. Topics include:

- Defining the Follow Up Visit
- Process for completion
- Using the AssessmentPro system to complete the Follow Up Visit process

Click the links below to review the training materials to answer many of the questions you will likely have regarding Follow Up Visits at your facility.

## **SMHRF & SLP STAKEHOLDERS: Ensure Your Team has the Necessary Training for Recently Launched SMRF and SLP Processes – Register for Q&A Forums + Review Program Resources**

On Monday, **April 18, 2022**, significant updates were implemented for the Supportive Living Programs (SLP) and Specialized Mental Health Rehabilitation Facilities (SMHRF). Thank you for playing a critical role in the redesign process as we've prepared for these important changes, which include:

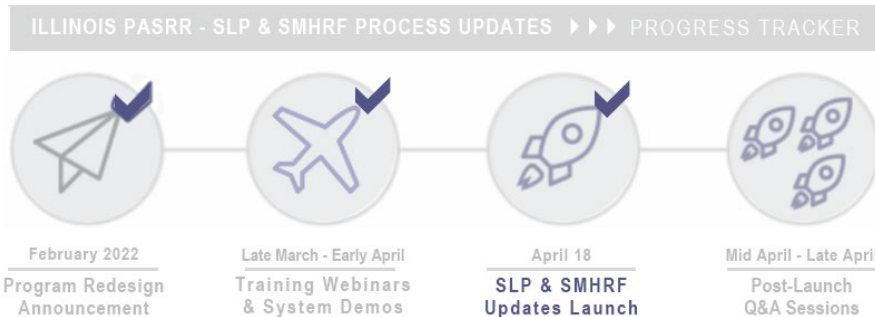

- **New processes for screenings and assessments for ALL** individuals indicating preference for placement in SMHRF and SLP settings. This supports the different placement criteria for each setting and establishes a true picture of a person who can be admitted to a SMHRF or a SLP.
- **Centralizing SMHRF and SLP processes using the AssessmentPro web-based management system.** This includes electronic submission of SLP Initial Screens in AssessmentPro for all potential SLP participants and a newly developed SMHRF Referral Form for those referred for SMHRF admission.
- **Responsibilities for screening and assessment processes will shift to Maximus.** For those involved in submitting SLP initial screens and SMHRF referrals, the AssessmentPro system will be the one entry point for all potential admissions and the SLP initial screens and SMHRF referrals will now be required for all potential admissions.

Following submission of the **SLP Initial Screen**, Maximus will decide if there is a reasonable basis to refer a person for a SLP Comprehensive Assessment (DD or SMI). Screens which indicate a reasonable basis to believe a SMI will be referred for a SLP (SMI) Comprehensive Assessment, while those for persons with known or suspected DD/ID conditions will be referred to the Division of Developmental Disabilities (DDD)/Independent Support Coordination (ISC) agency for a Comprehensive Assessment. Care Coordination Units (CCU)/Division of Rehabilitation Services (DRS) will be responsible for conducting any needed Determination of Need (DON) assessments and Choices for Care Consultations.

Following **submission of a completed SMHRF Referral**, Maximus will engage an assessor to perform a SMHRF Assessment, which will result in a determination of the person's eligibility for SMHRF admission; and if eligible, if the person could benefit from a Front Door Diversion Program referral. SMHRF admission cannot occur until the Front Door Diversion Program Provider conducts their evaluation for diversion services.

- **Referrals for the Front Door Diversion Program** will happen electronically through AssessmentPro for individuals determined to be eligible for SMHRF admission, but who may be able to have their needs met in the community with the appropriate supports or who want more information about living in the community instead of going to a SMHRF.

Continue reading below to register for additional learning opportunities and review helpful tips and on-demand resources to ensure that all members of your team with SMHRF or SLP responsibilities have the necessary skills and supports for success in using AssessmentPro and completing new processes.

## CHECKLIST: 7 Steps to Ensure a Smooth Transition

1. Always use the correct browser for AssessmentPro: two most recent versions of Google Chrome or Microsoft Edge.
2. Register your SMHRF or SLP team's Administrator and backup Administrator to AssessmentPro. The Administrator approves new users, updates user roles, and terminates users for your team.
3. Ensure all your AssessmentPro user accounts have been added created.
4. Submit a screen via AssessmentPro for the intended program, SMHRF Referral or SLP Initial Screen as soon as the need is identified. Only one program should be selected, based on your treatment team's recommendation of the most appropriate setting for the individual or the individual's preference for placement. Remember: PASRR Level I = Nursing Facility (NF) | Initial Screen = SLP | Referral = SMHRF
5. Submit all supporting documentation in a timely manner to avoid potential delays in receiving a determination.
6. Check the AssessmentPro Recent Outcomes queue for outcomes of completed SLP Initial Screens or SMHRF Referrals.
7. Use [Illinois Tools and Resources](#) for training videos and support guides for all programs

## TRAINING: Daily Q&A Forums | April 21 - 22, 2022 + April 25 - 29, 2022

Over the past month, the comprehensive webinar series has covered all the training basics you and your team need to know about new SMHRF and SLP processes and using AssessmentPro. As you begin using the new system this week, you may have additional questions. Q&A Forums are hosted each business day at 8:30 a.m. CST (SLP information) and 10:00 a.m. (SMHRF information) from today, **Thursday, April 21 through next Friday, April 29**, covering any system or process related topics that stakeholders would like to discuss.

Use the links below to join as many of these upcoming support sessions as you'd like.

**Who should attend?** *Individuals at any comfort level with new SMHRF or SLP processes and use of the AssessmentPro system are welcome.*

## REMINDER: Set Up Your AssessmentPro Account

If you or any member of your SMRHF or SLP team requires AssessmentPro access and has not set up a system account, follow the steps listed by audience below and register as soon as possible.

- [Click here for step-by-step instructions](#) to select your AssessmentPro role and create your system account.

**Browser requirements:** To ensure optimum system performance, usage and maintain HIPAA-compliant data security standards, AssessmentPro supports the two most recent versions of Microsoft Edge and Google Chrome. If you don't have the right browser, contact your IT Department for assistance. If you use a browser other than Microsoft Edge or Google Chrome, you will experience errors or missing data and increase the security risk for inadvertent disclosure of the protected health information (PHI) for the persons we serve.

## PASRR STAKEHOLDERS: Illinois PASRR Program – Strengthen Your AssessmentPro Skills – Update for Level I Submitters + Review FAQs + Explore Training Resources

Now that **comprehensive PASRR process changes** have been in place for the past month and your

team has likely begun working in the AssessmentPro web-based management system, we want to ensure you and your team have the necessary information and supports to maximize your use of this helpful tool. Read below for an important system update for Level I Submitters, frequently asked questions, Notifications feature details, and a helpful list of AssessmentPro-related resources.

In addition to the AssessmentPro implementation and PASRR process changes, steps continue moving forward on **phase two of the redesign initiative**:

- On **April 18, 2022**, the Supportive Living Program (SLP) and Specialized Mental Health Rehabilitation Facilities (SMHRF) will implement new processes for screenings and assessments for ALL individuals indicating preference for placement in SMHRF and SLP settings. SMHRF and SLP processes will also be centralized through the AssessmentPro system. These stakeholders are attending final training webinars and reviewing support resources ahead of the planned launch.
- Implementation planning is also in progress for a new service, **Follow Up Visits**. Appropriate PASRR stakeholders will be contacted soon regarding the launch date, goals of this service, process specifics, available training resources and other relevant details. A Follow Up Visit will be performed by a Maximus Regional Case Manager for all individuals who received a PASRR Level II assessment. The Follow Up Visit will be an in-person assessment scheduled between 30 and 60 days after admission into a Nursing Facility.

## **ATTN PASRR LEVEL I SUBMITTERS: Determination of Need (DON) Scores Now Available in AssessmentPro**

A new information field has been added to your system view. Hospital users in AssessmentPro can now view a person's Determination of Need (DON) score once it has been entered by the CCU. This will apply to any DON completed after **April 5, 2022**. To review:

1. Search for a person's record by entering the full name into the search box. Once it appears in the search results, click on the name to bring up their information.
2. Click on *Episodes* to see if a DON has been completed.
3. Click on the *AssessmentPro ID (AID)* to view the details for the individual's DON.

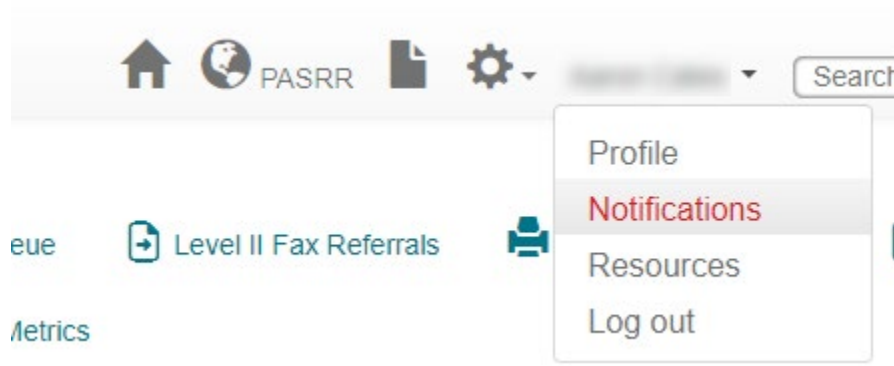

The CCU has 24 hours to complete the DON after the Level I PASRR Screen has been submitted, but the uploading of the supporting documentation may take longer, particularly if the facility name and admission date are unknown at the time the DON was completed. If the DON/Form 2536 is not in AssessmentPro, Maximus will be unable to provide it as we also only have access once it is in AssessmentPro.

## **ASSESSMENTPRO TIP: Using the Notifications Support Feature**

As many AssessmentPro users may already be aware, the Notifications feature is used to provide you with system reminders, program updates and other targeted information helpful to your PASRR role. To view any announcements in your Notifications inbox:

1. Select your username dropdown at top-right, next to the search field (see example)
2. Scroll through the dropdown options to *Notifications* and select
3. Any announcements that have been added for you will appear for your review

**Recommendation:** Get in the habit of checking Notifications whenever you log into the system, to ensure you don't potentially miss any important updates.

## FREQUENTLY ASKED QUESTIONS (FAQs): Facility Details in AssessmentPro

### Q: Can multiple staff work on the submission?

A: Yes, multiple people can work on a PASRR Level I Screen draft to prepare it for submission. On the AssessmentPro landing page, there is a tab for *Draft* screens. Within that tab, there will be two sub-tabs: *My Screens* and *Facility Screens*. If the provider opens the *Facility Screens* sub tab, they will be able to access the draft screens within their facility. Once they open a draft screen, they can complete and submit it to Maximus. Both a clinical and non-clinical user can initiate a PASRR Level I Screen in the AssessmentPro system, but only someone designated as a clinical user can submit a Level I Screen.

### Q: For each new PASRR submitted, will the system default to the current facility so that we do not have to update it each time?

A: Yes, AssessmentPro will default to your facility. However, if you represent multiple facilities, you should always check that the correct facility is selected. At the top of your home screen is a building icon. Tap on the building icon and a descriptive list will appear listing all of the facilities for which you have access. Select the appropriate facility to submit a PASRR Level I Screen or review the outcomes.

### Q: My facility is not located in Illinois. Should I indicate my facility's own state in the State dropdown in setting up my user account or should I select Illinois instead?

A: Even if your facility is another state, you will still need to select Illinois from the State dropdown when setting up your AssessmentPro user account.

**Note:** If you or any member of your PASRR team has yet to set up an AssessmentPro account, [click here for step-by-step instructions to select your user role and create your system account.](#)

## REMINDER: Document Upload Best Practices

When attempting to submit a document to AssessmentPro related to a specific referral, be sure to adhere to the following guidance:

- **File size:** All document submissions must be 15 MB or less.
- **File type:** AssessmentPro allows the upload of PDF documents only. The system will not accept a Word document, Excel, RTF, or any other file type. Please convert to PDF before uploading.
- **Document naming:** AssessmentPro does not allow uploads of documents that include punctuation/symbols in the document name. When naming a document to be uploaded to AssessmentPro, please avoid using any punctuation marks – commas, apostrophes, dashes, underscores, ampersands, asterisks, exclamation points, question marks, etc.

## **SMHRF & SLP STAKEHOLDERS: Take Final Steps to Ensure Your Team is Ready for the Implementation of New SMHRF and SLP Processes Through AssessmentPro on April 18, 2022 – Register for Webinars + Listen to On-Demand Training + Review Program Resources**

We are just one week away from the **April 18, 2022**, launch of new processes for the Supportive Living Programs (SLP) and Specialized Mental Health Rehabilitation Facilities (SMHRF). All members of your team with SMHRF or SLP responsibilities should attend this week's AssessmentPro Basics webinar, as well as review the on-demand training and support guides and preview AssessmentPro account setup details. These steps are critical to prepare you for the comprehensive changes, which include:

- **New processes for screenings and assessments for ALL** individuals indicating preference for placement in SMHRF and SLP settings. This supports the different placement criteria for each setting and establishes a true picture of a person who can be admitted to a SMHRF or a SLP.
- **Centralizing SMHRF and SLP processes using the AssessmentPro web-based management system.** This includes electronic submission of SLP Initial Screens in AssessmentPro for all potential SLP participants and a newly developed SMHRF Referral Form for those referred for SMHRF admission.
- **Responsibilities for screening and assessment processes will shift to Maximus.** For those involved in submitting **SLP initial screens and SMHRF referrals**, the AssessmentPro system will be the one entry point for all potential admissions and the SLP initial screens and SMHRF referrals will now be required for all potential admissions.

Following submission of the SLP Initial Screen, Maximus will decide if there is a reasonable basis to refer a person for a SLP Comprehensive Assessment (DD or SMI). Screens which indicate a reasonable basis to believe a SMI will be referred for a SLP (SMI) Comprehensive Assessment, while those for persons with known or suspected DD/ID conditions will be referred to the Division of Developmental Disabilities (DDD)/Independent Support Coordination (ISC) agency for a Comprehensive Assessment. Care Coordination Units (CCU)/Division of Rehabilitation Services (DRS) will be responsible for conducting any needed Determination of Need (DON) assessments and Choices for Care Consultations.

Following submission of a completed SMHRF Referral, Maximus will engage an assessor to perform a SMHRF Assessment, which will result in a determination of the person's eligibility for SMHRF admission; and if eligible, if the person could benefit from a Front Door Diversion Program referral.

- Referrals for the Front Door Diversion Program will happen electronically through AssessmentPro for individuals determined to be eligible for SMHRF admission, but who may be able to have their needs met in the community with the appropriate supports or who want more information about living in the community instead of going to a SMHRF.

## ILLINOIS PASRR - SLP & SMHRF PROCESS UPDATES ►►► PROGRESS TRACKER

### REGISTER: Attend AssessmentPro Basics Webinars + Q&A Forums

**Every member of your SMHRF or SLP team should register for one of the final training series, AssessmentPro Basics.** These sessions will offer an overview of AssessmentPro processes, as well as deep dive into system registration, navigation, user roles and resources to help you complete your various tasks.

Content shared during individual sessions will be identical, so attendance is only required for one session. A recording will be available to all registered attendees.

## PREVIEW: How to Choose User Roles + Register in AssessmentPro

This week's AssessmentPro Basics webinar series will cover how to **choose the right user role and register each member of your SMHRF or SLP team** in the system. The information below will help familiarize you with the role types, responsibilities, and system registration. Anyone who needs to set up a system account should attend one of the webinars before following the steps below to register for AssessmentPro.

### AssessmentPro User Roles

- **Administrator** – This user is responsible for the review and approval of your facility's other users. This role must be set up first.
- **Clinical User** – This role applies to individuals who can begin and submit a SMHRF referral or SLP initial screen.
- **Non-Clinical User** – Applies to individuals who can begin but cannot submit a SMHRF referral or SLP initial screen.

*You can sign up for multiple roles. For example, an Administrator can also be a Clinical User.*

## AssessmentPro Account Sign-Up

1. Visit [AssessmentPro.com](https://www.assessmentpro.com) > Click **New User?**
2. Complete Registration Form > Hover over circled i for more info > Click **Save** to proceed

Enter data into the fields depicted at right and select Illinois from the **State** dropdown (even if your facility is in a nearby state), then an additional field will appear for Facility. If you plan to choose the AssessmentPro Administrator role, be sure to select the checkbox under **Facility**, which says "Request AssessmentPro Administrator Access." You will receive an email to activate your account. The link will be valid for 72 hours. Follow the instructions in your email.

3. Return to AssessmentPro.com > Enter your Login info: **Email and Password**
4. Review User Agreement before first login > Click **Log in**

**\*Reminder:** Your UserName will always be your email address

**Browser requirements:** To ensure optimum system performance, usage and maintain HIPAA-compliant data security standards, AssessmentPro supports the two most recent versions of Microsoft Edge and Google Chrome. If you don't have the right browser, contact your IT Department for assistance. If you use a browser other than Microsoft Edge or Google Chrome, you will experience errors or missing data and increase the security risk for inadvertent disclosure of the protected health information (PHI) for the persons we serve.

**SMHRF & SLP STAKEHOLDERS: Prepare for the April 18, 2022, SMHRF and SLP Screening and Assessment Redesign – Attend Webinar Series + Listen to On-Demand Training + Preview AssessmentPro Registration**

We're just a few weeks away from the **April 18, 2022**, implementation of new processes for the Supportive Living Program (SLP) and Specialized Mental Health Rehabilitation Facilities (SMHRF). This includes several key updates:

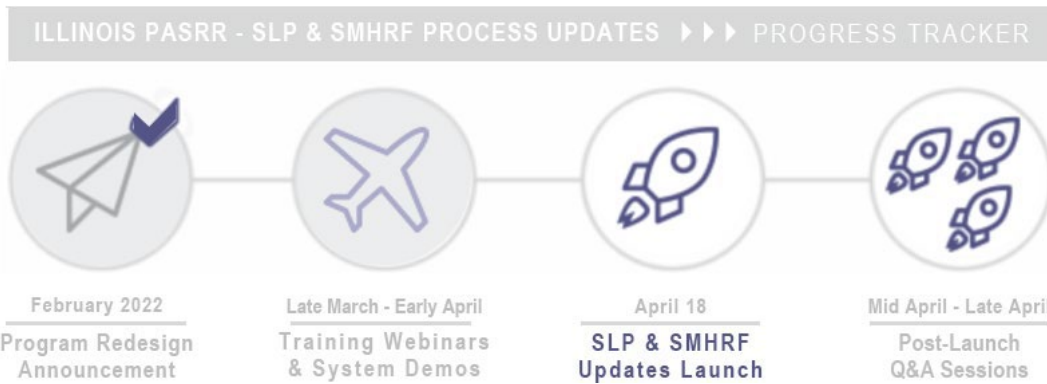

- **New processes for screenings and assessments for ALL** individuals indicating preference for placement in SMHRF and SLP settings. This supports the different placement criteria for each setting and establishes a true picture of a person who can be admitted to a SMHRF or a SLP.
- **Centralizing SMHRF and SLP processes using the AssessmentPro web-based management system.** This includes electronic submission of SLP Initial Screens in AssessmentPro for all potential SLP participants and a newly developed SMHRF Referral Form for those referred for SMHRF admission.
- **Responsibilities for screening and assessment processes will shift to Maximus.** For those involved in submitting **SLP Initial Screens and SMHRF Referrals**, the AssessmentPro system will be the one entry point for all potential admissions and the SLP Initial Screens and SMHRF Referrals will now be required for all potential admissions.

Following **submission of the SLP Initial Screen**, Maximus will decide if there is a reasonable basis to refer a person for a SLP Comprehensive Assessment (DD or SMI). Screens which indicate a reasonable basis to believe a SMI will be referred for a SLP (SMI) Comprehensive Assessment, while those for persons with known or suspected DD/ID conditions will be referred to the Division of Developmental Disabilities (DDD)/Independent Support Coordination (ISC) agency for a Comprehensive Assessment. Care Coordination Units (CCU)/Division of Rehabilitation Services (DRS) will be responsible for conducting any needed Determination of Need (DON) assessments and Choices for Care Consultations.

Following **submission of a completed SMHRF Referral**, Maximus will engage an assessor to perform a SMHRF Assessment, which will result in a determination of the person's eligibility for SMHRF admission; and if eligible, whether the person could benefit from a Front Door Diversion Program referral.

- **Referrals for the Front Door Diversion Program** will happen electronically through AssessmentPro for individuals determined to be eligible for SMHRF admission, but who may be able to have their needs met in the community with the appropriate supports or who want more information about living in the community instead of going to a SMHRF.

To ensure your team is ready to start using new SMHRF and/or SLP processes on day one, continue reading for instructions on how to register for targeted training webinars and review all available program resources and updates.

## TRAINING: Register for Webinar Series

The webinar series continues with trainings to prepare you and your team for the **April 18, 2022 launch date** of SMHRF and SLP process changes. Click the links below to **register for one session from each series**. All team members with SMHRF or SLP related responsibilities should attend.

Note: Content shared during individual sessions of each training module listed below will be identical, so attendance is only required for one session per series. Recordings of each module will be available to all registered attendees after its completed and will be posted to the website at the conclusion of each training week.

**GoToWebinar browser requirements:** To access GoToWebinar, the web application used for PASRR training, use one of the following internet browsers: Firefox, Edge, Chrome, and Apple Safari. If you do not have access to one of these browsers, contact your IT Department for assistance.

### Training Module 3: Specialized Mental Health Rehabilitation Facilities (SMHRF) – Processes and Intent

Understanding the SMHRF – who may be referred, admission timeframes, and how the screening redesign will affect existing processes.

## **PROCESS: Understanding SMHRF and SLP Changes**

As your team prepares for the upcoming transition, review some important updates you can expect when SMHRF and SLP changes go into effect on April 18, 2022, such as referral criteria, tools, and submission methods

Specialized Mental Health Rehabilitation Facilities (SMHRF)	
Existing Process	New Process
<b>Toolkit:</b> The OBRA-I was previously used for referral to a SMHRF setting and Level II PASRR evaluation was completed if applicable	<b>Toolkit:</b> Submitters must submit a referral using the new SMHRF referral and the IM+CANS will be used to complete the SMHRF Assessment
<b>Determining referral need:</b> Assessment only completed if the OBRA-I had SMI indicators	<b>Determining referral need:</b> Everyone referred for a SMHRF setting will receive an assessment; Clinical alerts built into the SMHRF referral will notify the submitter of clear indicators the person may not be appropriate for SMHRF admission
<b>Referral submitters:</b> Division of Mental Health (DMH) Providers serving as PAS Agents typically submitted SMHRF referral	<b>Referral submitters:</b> SMHRF Referrals will be the responsibility of the person's location, including Psychiatric and Acute Care Hospitals; Community referrals can continue to be submitted by DMH providers
<b>Admission criteria:</b> One process determined all long-term care outcomes	<b>Admission criteria:</b> Criteria specific for SMHRF eligibility (and exclusionary criteria) applied to SMHRF eligibility decisions

Supportive Living Program (SLP)	
Existing Process	New Process
<b>Toolkit:</b> The SLP screening document was referred to as the OBRA-I	<b>Toolkit:</b> The screening document will be referred to as the SLP Initial Screen
<b>Determining referral need:</b> Submission of an OBRA-I screen occurred when the submitter identified someone as having a known or suspected serious mental illness (SMI) or intellectual and/or developmental disabilities (ID/DD)	<b>Determining referral need:</b> A SLP Initial Screen submission through AssessmentPro is needed for every person seeking potential SLP admission regardless of known or suspected SMI or ID/DD
<b>Submission method:</b> The OBRA-I was completed by hand	<b>Submission method:</b> Submitters will submit the SLP Initial Screen electronically through the AssessmentPro system
<b>Assessment completion:</b> The Division of Mental Health (DMH) and their PAS assessors conducted SLP Comprehensive Mental Health (MH) Assessments	<b>Assessment completion:</b> Maximus Quality Clinicians (QC) will conduct SLP Comprehensive (MH) Assessments

## ATTN LEVEL I SUBMITTERS: Illinois PASRR Program – Review Process Best Practices and Register for Additional PASRR Training

### BEST PRACTICE: Determining Need for a PASRR Level II Assessment

Remember, **anyone** seeking admission to a Medicaid-certified Nursing Facility (NF) **MUST** have a PASRR Level I Screen. Maximus, as the **independent third party**, will determine whether the individual requires a PASRR Level II Assessment. A Level II Assessment may be needed to determine if the person has a PASRR condition. **Submitters do not determine if a Level I Screen is needed, whether an individual requires a Level II Assessment, or has a PASRR condition.** Also, remember a determination of eligibility (known as the Determination of Need/DON) for NF care must be completed by a CCU or DHS staff prior to entry into a NF.

Note also: If an individual is planning to go to a NF, **do not** cancel the Level I Screen you already submitted for that individual, or you will have to redo it.

## **PASRR LEVEL I SCREEN: Current History and Physical (H&P) Now a Required Attachment**

To support the clinical information provided in the PASRR Level I Screen, as well as the necessary requirement for completion of the DON, **a current history and physical (H&P)** will now be a required attachment in AssessmentPro to submit the Level I. If an H&P is not available, indicate this in the Document Upload section of the Level I.

Learn more: [Download the Documents Submission Guide](#)

## **DOWNLOAD: Illinois PASRR Fax Cover Sheet**

The PASRR Level II Referral Fax Cover Sheet has been revised. If you have previously downloaded the cover sheet from the website, be sure to retrieve the updated file. A copy can be [downloaded here](#) or linked under Provider Tools on the [Illinois PASRR Tools and Resources site](#).

### **ATTN CCUs: Illinois PASRR Program – Review Process Best Practices and Register for Additional PASRR Training**

#### **BEST PRACTICE: CCU Process Update + Q&As + AssessmentPro Tips**

##### **Process Updates**

Care Coordination Units (CCU) - **AssessmentPro Reviewers** will no longer receive emails notifying them of referrals for individuals in AssessmentPro. Please begin checking your AssessmentPro queues for new referrals.

If you are the CCU – **Agency AssessmentPro Administrator** for your team and do not wish to receive alerts, then please review this [Email Guide](#) for instructions to set up a different email folder to reroute the alert messages.

##### **Question**

What if an incorrect CCU has been assigned?

If a referral incorrectly went to a CCU, please alert the Maximus - Illinois Help Desk using the special CCU email at: [ILCCU@maximus.com](mailto:ILCCU@maximus.com) and include the **Individual ID (IID)**. To find the **IID**, go to the **Unassigned Referrals Tab**. The IID is the first column – see example.

## **ATTN NURSING FACILITIES: Illinois PASRR Program - Review Process Best Practices and Register for Additional PASRR Training**

Nursing Facilities (NF) should begin entering their census information into PathTracker. When adding the NF census for **current residents**, you have 4 options:

1. Select the PASRR completed through AssessmentPro.
2. Select the 2nd radio button to indicate you have an existing PASRR on record and provide the determination date.
3. If you have a valid PASRR but do not have the determination date, select the 3rd button.
4. If you do not have a record of a valid PASRR for the individual, select the 4th option. This option means that you should submit a new Level I Screen on the person to ensure your facility remains in compliance.

### **Have additional AssessmentPro – PathTracker census “how to” questions?**

**SMHRF & SLP STAKEHOLDERS: Illinois SMHRF and SLP Screening and Assessments – Register for Training Webinar Series and Review AssessmentPro User Roles Ahead of the April 18, 2022, SMHRF/SLP Screening Redesign**

The Illinois Department of Healthcare and Family Services (HFS) and new partner, Maximus, successfully launched the first phase of a comprehensive redesign of the Preadmission Screening and Resident Review (PASRR) Program on March 14, 2022. Improvements included a transition to the AssessmentPro web-based management system and streamlined process changes improving how all PASRR Level I Screens are submitted for people seeking Nursing Facility (NF) admission, the review of all PASRR Level I Screens, and the completion of PASRR Level II Assessments for Serious Mental Illness (SMI). These changes enable HFS to appropriately identify placement and service options for individuals with Developmental Disabilities (DD) or SMI in a federally compliant, person-centered manner, increasing diversion and transition opportunities for persons with SMI, and ensuring that individuals with DD or SMI diagnoses are placed in NFs only as an appropriate response to the need for skilled care.

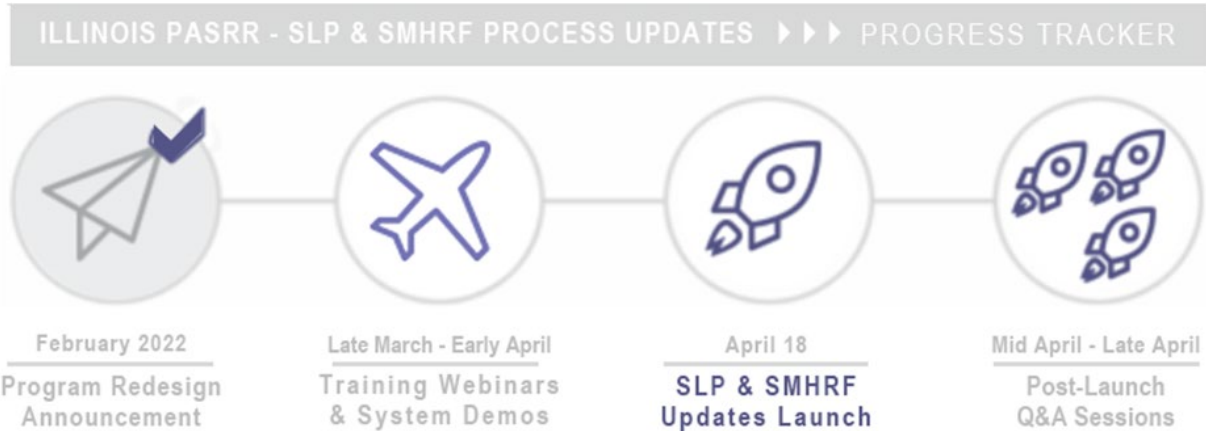

Phase Two of this redesign includes changes for the Supportive Living Program (SLP) and Specialized Mental Health Rehabilitation Facilities (SMHRF) Program. This involves:

- New processes for screenings and assessments for ALL individuals indicating preference for placement in SMHRF and SLP settings. This supports the different placement criteria for each setting and establishes a true picture of a person who can be admitted to a SMHRF or a SLP.
- Centralizing SMHRF and SLP assessments to AssessmentPro beginning April 18, 2022. This includes electronic submission of enhanced OBRA-I in AssessmentPro for SLPs and a newly developed SMHRF Referral Form for SMHRFs.
- Responsibilities for screening and assessment processes will shift to Maximus.

For those involved in SLP submissions, the AssessmentPro system will be the one entry point for all potential admissions and OBRA-I completion will now be required for all potential admissions. If there is a reasonable basis to refer a person for a DD or SMI assessment, Maximus will render the decision. DON processes will remain unchanged.

SMHRF submissions: Maximus will use the IM+CANS to complete assessments for ALL individuals referred for SMHRF admission via AssessmentPro.

- For those involved in SLP submissions, these changes specifically relate to SMI Screens and not the Determination of Need (DON) assessment.
- Choices for Care consultations and DON Processes, as applicable, will still be completed as a state requirement for SLP admission, but the workflow will align with the redesigned SLP screening processes.
- Referrals for Front Door Diversion will happen electronically through AssessmentPro for individuals determined to be eligible for SMHRF admission, but who may be able to have their needs met in the community with the appropriate supports or who want more information about living in the community instead of going to a SMHRF.

## TRAINING: Register for Webinar Series

Ensure you are fully prepared for the upcoming transition by having all members of your team who have SMHRF and/or SLP-related responsibilities attend the comprehensive webinar series kicking off next week. Click the links below to register for one session from each series of webinars.

**Note:** Content shared during individual sessions of each training module listed below will be identical, so attendance is only required for one session per series. Recordings of each module will be available to all registered attendees after its completed and will be posted to the website at the conclusion of each training week.

*GoToWebinar browser requirements: To access GoToWebinar, the web application used for PASRR training, use one of the following internet browsers: Firefox, Edge, Chrome, and Apple Safari. If you do not have access to one of these browsers, contact your IT Department for assistance.*

Training Module 1: Intro to Maximus / SMHRF and SLP Transition Overview

Meet the Maximus Illinois Project team. The discussion will also include an overview of planned SMHRF and SLP changes, preview of future training opportunities, and new resources.

*Note: This is a repeat of the Intro to Maximus webinars held in February. If you previously attended, you don't need to sign up for this session.*

## Training Module 4: AssessmentPro Basics

Update: Module 4 has been divided into separate learning tracks to offer more focused training – Module 4A for SLP focused users and Module 4B for SMHRF focused users.

- If you are SLP focused and previously registered for the joint SMHRF and SLP sessions, then you don't need to re-register or take any other actions.
- If you are SMHRF focused and have already registered for the joint SMHRF and SLP session, please follow the instructions in your confirmation email from GoToWebinar to cancel that registration and then re-register using the new links below.
- If you have not registered for any Module 4 sessions yet, choose the appropriate learning track, select the date/time below that works best with your schedule, and register at the link provided.

### 4A: AssessmentPro Basics for SLP

Learn about AssessmentPro, the system you and your team will use for SLP related activities. Discussion topics include system registration, navigation, user roles and resources to help you complete your various tasks. We will focus on the nuances for SLPs, so PASRR system users can also benefit if working with SLP.

### SYSTEM PREVIEW: Choosing Your AssessmentPro User Role

As you begin the AssessmentPro training process by participating in the webinars laid out above, key first steps include the setup of your facility account and selection of an appropriate system user role for each member of your SMHRF and/or SLP team. Review the three types of accounts available below and the responsibilities for each. The webinars will cover how to set up your accounts.

#### AssessmentPro User Roles

- Administrator – This role must be set up first. This user is responsible for the review and approval of your facility's other users.
- Clinical User – This role applies to individuals who can begin and submit a SLP and/or SMHRF referral.
- Non-Clinical User – Applies to individuals who can begin but cannot submit a SMHRF or SLP referral.

You can sign up for multiple roles. For example, an Administrator can also be a Clinical User. Additional details on AssessmentPro role selection will be shared during the upcoming training sessions. Be sure to register to learn more.

*AssessmentPro browser requirements: To ensure optimum system performance, usage and maintain HIPAA-compliant data security standards, AssessmentPro supports the two most recent versions of Microsoft Edge and Google Chrome. If you don't have the right browser, contact your IT Department for assistance.*

## CHECKLIST: 7 Steps to Ensure a Smooth Transition

1. Use the correct browser for AssessmentPro: two most recent versions of Chrome or Edge
2. Identify and submit your PASRR team's Administrator and backup Administrator to AssessmentPro
3. Ensure all your AssessmentPro user accounts have been added
4. Submit a Level I Screen AS SOON AS the need for Nursing Facility (NF) level of care is identified – Maximus will refer for DON, Choices of Care Consultation, 2536 based on the completion of the Level I Screen

5. Submit all supporting documentation to avoid the Level I Screen being placed on hold for more information
6. Check the AssessmentPro Communicator throughout the day to make sure no additional information was requested by Maximus
7. Use [Illinois PASRR Tools and Resources](#) for training videos and support guides

## **ACTION NEEDED: Set Up Your AssessmentPro Account**

If you or any member of your PASRR team has yet to set up an AssessmentPro account, follow the steps listed by audience below and register as soon as possible.

- [Click here for step-by-step instructions](#) to select your AssessmentPro role and create your system account.

**AssessmentPro browser requirements:** *To ensure optimum system performance, usage and maintain HIPAA-compliant data security standards, AssessmentPro supports the two most recent versions of Microsoft Edge and Google Chrome. If you don't have the right browser, contact your IT Department for assistance.*

## **REMINDERS: Helpful PASRR Process Tips**

**If you have someone planning to discharge end of week:**  
Submit the Level I Screen now. Do not wait until the last day.

**If you haven't seen any movement on a Level I Screen you submitted:**  
Check the AssessmentPro Message Communicator. You may have received requests for more information or supporting documentation that you must provide for the assessment to proceed.

**Level I Screen Timeframe:**  
Level I submissions only take approximately **10 minutes** after you've completed the first 7-10 submissions. You get immediate notice of approval to go to NF, if there is no evidence of a PASRR disability.

**If there is suspicion of a PASRR disability:**  
Maximus clinical reviewers will attempt to apply an abbreviated PASRR process such as a categorical or exemption, notifying you of the in AssessmentPro within **6 business hours** or less.

**If an individual is moving on to a comprehensive Level II assessment:**  
Maximus will complete the PASRR Serious Mental Illness (SMI) assessment, providing a decision within **72 hours** or less. PASRR Level II for Intellectual or Developmental Disabilities will be sent by Maximus to the Division of Developmental Disabilities (DDD)/Independent Service Coordination (ISC) agencies for completion.

*\*All outcomes in each stage are available immediately in AssessmentPro.*

## REMINDER: Set Up Your AssessmentPro Account

If you or any member of your PASRR team has yet to set up an AssessmentPro account, follow the steps listed by audience below and register as soon as possible.

1. Choose the right user role. Each person signing up for an AssessmentPro account must choose the appropriate system user role, depending on their specific PASRR duties. Familiarize yourself with the role types and responsibilities for each.

- **Administrator** – This user is responsible for the review and approval of your facility's other users. This role must be set up first.
- **Clinical User** – This role applies to individuals who can begin and submit a Level I screen, such as Hospitals and Nursing Facilities (NFs).
- **Non-Clinical User** – Applies to individuals who can begin but cannot submit a Level I screen. *You can sign up for multiple roles. For example, an Administrator can also be a Clinical User.*

2. Set up your account. [Visit AssessmentPro.com](#) > **Click New User?**

3. Complete the Registration Form > Hover over circled i for more info > Click **Save** to proceed

- Enter data into the fields depicted at right and select Illinois from the **State** dropdown (even if your facility is in a nearby state), then an additional field will appear for **Facility**. If you plan to choose the AssessmentPro Administrator role, be sure to select the checkbox under **Facility**, which says "Request AssessmentPro Administrator Access"

You will receive an email to activate your account. The link will only be valid for 72 hours. Follow the instructions in your email.

4. Return to [AssessmentPro.com](#) > Enter your Login info: Email and Password

- Review User Agreement before first login > Click Log in

\*Reminder: Your UserName will always be your email address

**Browser requirements:** To ensure optimum system performance, usage and maintain HIPAA-compliant data security standards, AssessmentPro supports the two most recent versions of Microsoft Edge and Google Chrome. If you don't have the right browser, contact your IT Department for assistance.

## **PASRR STAKEHOLDERS: Illinois PASRR Program – Read New HFS Announcement on PASRR and HIPAA Compliance**

Prepare for AssessmentPro Launch – Read New HFS Announcement on PASRR and HIPAA Compliance

Many questions may arise as your team makes final preparations for the upcoming March 14, 2022, implementation of the AssessmentPro system and new PASRR processes, including:

- Submission of all PASRR Level I Screens
- Review of all PASRR Level I Screens
- Completion of PASRR Level II Evaluations for Serious Mental Illness (SMI).

The Department of Healthcare and Family Services (HFS) and Maximus have recently received inquiries from some providers about privacy and protected health information (PHI) during training and ongoing user support ahead of this important transition.

HFS has determined that HIPAA is not an obstacle to using AssessmentPro to submit PASRR-related materials. Maximus does not require a Business Associate Agreement (BAA) with Illinois providers. Providers' disclosure of PHI to Maximus (a HIPAA Business Associate to HFS) for the purposes of PASRR is a permitted disclosure under HIPAA.

**PASRR STAKEHOLDERS: Illinois PASRR Program - Complete Your Implementation Checklist**

## Ahead of the March 14, 2022 AssessmentPro Launch

The March 14, 2022, implementation of the AssessmentPro web-based system for management of PASRR is only 10 days away. Significant new processes will go into effect on then. These will include:

- Submission of all PASRR Level I Screens
- Review of all PASRR Level I Screens
- Completion of PASRR Level II Assessments for Serious Mental Illness (SMI)

Please closely review the checklist items below to prepare your team for these upcoming changes and avoid delays.

## REGISTER: Attend Final Pre-Launch Webinars

Every member of your PASRR team should register for one of the final training series, PASRR Level I and Level II + AssessmentPro Review. These sessions will take a deep dive into completion of the PASRR Level I screen, as well as a review of the PASRR Level II – SMI process and Summary of Findings report. An overview of AssessmentPro processes will also be covered.

Click one of the links below to register. Content shared during individual sessions will be identical, so attendance is only required for one session. A recording will be available to all registered attendees.

- Register | 1 p.m. – 2 p.m. CST Tuesday, March 8, 2022 - *session is full*
- [Register | 10 a.m. – 11 a.m. CST Wednesday, March 9, 2022](#)
- [Register | 1 p.m. – 2 p.m. CST Thursday, March 10, 2022](#)

Ongoing Support: Learning opportunities will continue after the upcoming system launch. Each business day between March 14 – 25, you can log into a Q&A session to ask any AssessmentPro and PASRR process-related questions. Registration details will be coming soon.

**Browser requirements:** To access GoToWebinar, the web application used for PASRR training, use one of the following internet browsers: Firefox, Edge, Chrome, and Apple Safari. If you do not have access to one of these browsers, contact your IT Department for assistance.

## Q&A: PASRR Level I Screens and Other Assessments

### Question

How will new PASRR Level I Screen processes affect needs or processes for submission of additional assessment types that are required for NF admission?

### Answer

PASRR Level I Screen processes launching March 14, 2022 will add an additional requirement to other types of assessment submissions.

#### What stays the same?

- Existing submission requirements for Determination of Need (DON) assessment, 2536, and Choices for Care Consultation will not change. Any previously required assessments for NF admission will still be required after the PASRR Go-Live date.

#### What will change?

- Submitter: In hospital and institutional settings, the Level I Screen will be entered by staff, not by CCUs or PAS Agent (CMHCs). In community settings, the submitters will remain the same.
- System: The submission of a PASRR Level I Screen through the AssessmentPro system will be a required first step before moving on to complete any DON, 2536 or Choices Consultation submissions. CCUs will receive their referral for DON, 2536, and Choices for Care consultations automatically from AssessmentPro. There is no need to contact the CCU directly to perform those.

## CHOOSE: Select a System User Role

Each person signing up for an AssessmentPro account must choose the appropriate system user role, depending on their specific PASRR duties. Familiarize yourself with the role types and responsibilities for each.

- Administrator** – This user is responsible for the review and approval of your facility's other users. This role must be set up first.
- Clinical User** – This role applies to individuals who can begin and submit a Level I screen, such as Hospitals and Nursing Facilities (NFs).
- Non-Clinical User** – Applies to individuals who can begin but cannot submit a Level I screen.

*You can sign up for multiple roles. For example, an Administrator can also be a Clinical User.*

## SIGN UP: Create an AssessmentPro Account

The AssessmentPro Basics webinar reviewed the instructions needed to register in AssessmentPro. If you or others on your PASRR team were unable to attend, [click here to view](#) the webinar recording, then follow the steps below to create each account before March 14, 2022.

- Visit [AssessmentPro.com](https://www.assessmentpro.com) > Click **New User?**
- Complete Registration Form > Hover over circled i for more info > **Click Save** to proceed

Enter data into the fields depicted at right and select Illinois from the *State* dropdown (even if your facility is in a nearby state), then an additional field will appear for *Facility*. If you plan to choose the AssessmentPro Administrator role, be sure to select the checkbox under *Facility*, which says "Request AssessmentPro Administrator Access"

You will receive an email to activate your account. The link will be valid for 72 hours. Follow the instructions in your email.

3. Return to [AssessmentPro.com](https://assessmentpro.com) > Enter your Login info: Email and Password

Review **User Agreement** before first login > Click **Log in**

**\*Reminder:** Your **UserName** will always be your email address

**Browser requirements:** To ensure optimum system performance, usage and maintain HIPAA-compliant data security standards, AssessmentPro supports the two most recent versions of Microsoft Edge and Google Chrome. If you don't have the right browser, contact your IT Department for assistance.

## **SMHRF & SLP STAKEHOLDERS: Illinois SMHRF and SLP Screening and Assessments – Steps to Take Ahead of 4/18/2022 HFS SMHRF/SLP Screening Redesign**

The State of Illinois, Department of Healthcare and Family Services (HFS) has selected a new partner, Maximus, to support a redesign of the state's Pre-admission Screening and Resident Review (PASRR) system. This includes new processes for screenings and assessments of individuals seeking placement in Specialized Mental Health Rehabilitation Facilities (SMHRF) and Supportive Living Programs (SLP) settings. This transition includes moving the SMHRF and SLP assessment processes to a new web-based management system, AssessmentPro on **April 18, 2022**.

### **OBJECTIVES: Goals Behind the Process Changes**

HFS made the decision to seek out a new screening and assessment partner for several key reasons, including:

- Conflict-free screenings and assessments
- Centralization of SMHRF and SLP screenings, assessments, reporting in one system, increasing efficiency, timeliness, and ease of use
- Immediate availability of screening and assessment outcomes to Stakeholders upon completion

### **PROCESS: How Existing SMHRF and SLP Workflows Will Change**

This transition will shift responsibilities for screening and assessment processes to the Maximus assessment team. For those involved in SLP submissions, these changes specifically relate to the Mental Health/Serious Mental Illness (SMI) screening and not the Determination of Need (DON) assessment.

**PASRR Redesign and Choices for Care Consultations:** Choices for Care consultations will still be completed as a state requirement, but the workflow is being aligned with the redesigned SMHRF and SLP screening processes.

### **NEXT STEPS: Training Webinars + Program Resources Coming Soon**

Maximus will equip you to be successful in this change with comprehensive training webinars covering:

- System Registration and Navigation
- AssessmentPro Account Roles
- Submitting a Referral for SMHRF or SLP

Information on registration, dates, and times will be provided as we move closer to the **April 18, 2022** Go-Live date. Make sure all members of your team involved in SMHRF or SLP processes attend.

Access to frequently asked questions (FAQs), reference guides, and other support materials will also be shared so that you have all the necessary resources needed for success ahead of the launch date.

### **QUESTIONS? Contact the Maximus - Illinois Support Help Desk**

Do you have questions about the upcoming program implementation? The Maximus – Illinois Help Desk team is available to assist you:

- SMHRF-related questions – email: [ILSMHRF@maximus.com](mailto:ILSMHRF@maximus.com)
- SLP-related questions – email: [ILSLP@maximus.com](mailto:ILSLP@maximus.com)
- Phone: 833 PASRR IL (833.727.7745)

**Sign up for the Communication Mailing List:** If you or others on your team are involved in these processes and would like to be kept up to date with the upcoming transition information and training opportunities, you can contact the Illinois Help Desk at Maximus: [ILSMHRF@maximus.com](mailto:ILSMHRF@maximus.com) with the

subject line **"Please add me to the Illinois SMHRF and SLP contact list."** Include full name, title, facility/organization name and email address in the body of the message. All team members requiring access to the contact list can be included in one email request.

### PASRR STAKEHOLDERS: Illinois PASRR Program – Prepare Your Team for March 14, 2022 Implementation of PASRR Redesign | Register for Live Webinar Series with Maximus + Preview System User Roles

Preadmission Screening and Resident Review (PASRR) is a critical safeguard that ensures individuals applying to or residing in a Medicaid-certified nursing facility receive the care and services that best suit their needs. As recently announced, the State of Illinois Department of Healthcare and Family Services (HFS) is improving the PASRR process by transitioning to a web-based management system, AssessmentPro with new partner, Maximus.

Scheduled for a **March 14, 2022** launch, this transition will affect the way all PASRR Level I Screens are submitted, the review of all PASRR Level I Screens, and the completion of PASRR Level II Assessments for Serious Mental Illness (SMI). A new service, Follow Up Visits, will also be implemented. Training is critical for ensuring that you and your team are prepared for these major changes. Register for the webinars that best fit your busy schedule, review details on AssessmentPro user roles, and learn more about program support.

## SYSTEM PREVIEW: Choosing Your AssessmentPro User Role

As you begin the AssessmentPro training process by participating in the webinars laid out above, key first steps include the **setup of your facility account** and **selection of the appropriate system user role** for each member of your PASRR team. Review the three types of accounts available below and the responsibilities for each. The webinars will cover how to set up your accounts.

### AssessmentPro User Roles

- **Administrator** – This role must be set up first. This user is responsible for the review and approval of your facility's other users.
- **Clinical User** – This role applies to individuals who can begin and submit a Level I screen, such as Hospitals, Nursing Facilities (NFs), Care Coordination Units (CCUs), Independent Service Coordination (ISCs), etc.
- **Non-Clinical User** – Applies to individuals who can begin but cannot submit a Level I screen.

You can sign up for multiple roles. For example, an Administrator can also be a Clinical User. Additional details on AssessmentPro role selection will be shared during the upcoming training sessions. Be sure to register to learn more.

**PASRR STAKEHOLDERS: Illinois PASRR Program - HFS Plans March 14 Implementation of Redesign with State Partner, Maximus | Register for Upcoming Webinars | Learn More About Next Steps & Available Supports**

The **State of Illinois** - Department of Healthcare and Family Services (**HFS**) has selected a new

partner, Maximus, for the fulfillment of the federally mandated Preadmission Screening and Resident Review (**PASRR**) process. This transition from the current PASRR processes to a new web-based management system, **AssessmentPro**, is scheduled to launch on Monday, **March 14, 2022**, for admissions to Nursing Facilities. This critical change will impact all program submissions for individuals applying to, or residing in, Medicaid-certified nursing facilities moving forward from the transition date, including:

- The way all PASRR Level I Screens will be submitted
- The review of all PASRR Level I Screens
- The completion of PASRR Level II Assessments for Serious Mental Illness (**SMI**)
- New service, Follow Up Visits

Keeping all key PASRR Stakeholders informed will remain a vital responsibility for both HFS and Maximus throughout the implementation process and beyond. With this in mind, continue reading below for details about the goals of the transition, **training webinar registration** details, available **resources**, more **about the Maximus team**, as well as an introduction to a visual **progress tracker** for an at-a-glance view of key project milestones.

## PURPOSE: Goals Behind the Transition

HFS made the decision to seek out a new PASRR partner for several key reasons, including:

- Creation of a more consistent Level I process
- Centralization of PASRR, SMHRF, and SLP screenings and assessments, and Follow-Up Visits reporting into one system, increasing efficiency, timeliness, and ease of use
- Increased compliance with federally mandated PASRR guidelines

## PROCESS: How Will PASRR Change With the Redesign?

This transition will shift responsibilities and management for PASRR Level I screening reviews and PASRR Level II – Serious Mental Illness (SMI) assessment processes to the Maximus Assessment Team. As part of this migration, steps are being taken across the State's existing PASRR workflows to better align processes, using the assessment management system, AssessmentPro. Completion of PASRR Level II – Developmental Disability (DD) assessments will remain unchanged. Specific details will be covered during the upcoming Training Webinars noted above.

## REGISTER: Upcoming PASRR Learning Opportunities

The State of Illinois – HFS and the Maximus Illinois Project team are excited to announce a **series of informative webinars** taking place in the weeks ahead. Any service provider involved in the PASRR

process is encouraged to attend these informative sessions, which will cover a broad range of topics to get you and your team ready for the upcoming transition to new processes and the AssessmentPro system. The first sessions, shown below lay the groundwork for next steps.

## **Introduction to Maximus | Available Dates: February 15, 16, 17**

## **LEVEL II SMI SCREENERS: Illinois PASRR Program - Redesign Implementation with State Partner, Maximus, Coming March 14**

The **State of Illinois** - Department of Healthcare and Family Services (HFS) has selected a new partner, **Maximus**, for the fulfillment of the federally mandated Preadmission Screening and Resident Review (**PASRR**) process. Recently announced by the state, this transition from the current PASRR processes to a new web-based management system, AssessmentPro, is scheduled to launch on **Monday, March 14, 2022**, for admissions to Nursing Facilities. This critical change will impact all program submissions for individuals applying to, or residing in, Medicaid-certified nursing facilities moving forward from the transition date, including:

- The way that Level I Screens will be submitted
- The review of all Level I Screens
- The completion of Level IIs
- New service, Follow Up Visits

### **How does this change affect current PASRR DHS/DMH Providers?**

This important transition by HFS will shift responsibilities and management for the screening and assessment processes to the PASRR Program Team at Maximus. **Roberta Allen**, with the Illinois Department of Mental Health (DMH) – Human Services Division, staff from HFS, and members of the Maximus team held a virtual presentation with numerous program stakeholders on January 13, 2022. This discussion covered the timeline for implementation, including the March 14, 2022 “Go Live” date for AssessmentPro for Nursing Facility admissions and subsequent “Go Live” dates in April 2022 for new processes for admissions to **Specialized Mental Health Rehabilitation Facilities (SMHRF)** and **Supported Living Programs (SLP)** settings.

### **What are the reasons behind this change?**

HFS made the decision to seek out a new PASRR partner for several key reasons, including:

- Creation of a more consistent Level I process
- Centralization of PASRR screening and assessments, SLP assessments, SMHRF pre-admission assessments and diversions, and Follow-Up Visit reporting into one system, increasing efficiency, timeliness, and ease of use
- Increased compliance with federally mandated PASRR guidelines

### **How does this change affect the roles of current PASRR Level II Mental Health screeners?**

The PASRR redesign will shift responsibilities for PASRR Level II mental health assessment processes for Nursing Facility admissions from the State’s current screeners to Maximus on **March 14, 2022**. Please note that responsibility for Level II mental health assessments for SMHRF and SLP admissions will not transfer to Maximus until April 18, 2022. The State will continue to rely on existing screening agencies’ fulfillment of this work until that date.

State staff leading this implementation know that the expertise and experience of our community partners are invaluable – and believe that your continued involvement into this next phase of the program will help to make a big impact on the people we serve.

## **Support: Introducing the Illinois PASRR Help Desk**

Do you have additional questions about the upcoming PASRR Program transition? Access to the Illinois PASRR Help Desk Team is now available via email at: [ILPASRR@maximus.com](mailto:ILPASRR@maximus.com). A new dedicated Help Desk phone line will also be available for support questions, beginning on **February 1**. Also launching soon, the new **Illinois PASRR Tools and Resources User Tools website** will be a repository for important program updates, forms, and other handy reference materials.

## **Next Steps: Looking Ahead to the Migration**

The PASRR Program Team looks forward to connecting with you to answer questions you may have regarding the transition and how your vital role can continue making an impact on the lives of individuals and families living across the State of Illinois. Stay posted for future communications in the months ahead, as we share additional updates and resources.
