

Keep the negative Level I Pre-Screening form in the individual's file.

No

On the Level I Pre-Screening form, do any of questions 1-3 have Yes or Unknown marked?

Yes

Submit the positive Level I Pre-Screening Form to Maximus via pasrr@state.sd.us with the required supporting documentation.

SMI - Individual has a Level II and Maximus completes a telehealth evaluations.

Maximus submits the Level II findings to the SMHA. The SMHA makes the final determination and notifies the referring facility.

Maximus will determine whether the individual has a PASRR condition and if a status change has occurred.

Yes

Yes

Yes

ID/RC – Individual has a Level II and SIDA completes an evaluation.

The SIDA makes the final determination and notifies the referring facility.

Dual - Individual has a Level II. SIDA completes an evaluation and Maximus completes a telehealth evaluation.

Maxmius submits the evaluation to the SMHA for final determination. The SIDA completes their own final determination. The referring facility will receive two separate determination letters from each authority.

Maximus provides an outcome letter stating that no Level II is needed due to not having a PASRR condition or status change.

START

Yes

Complete an updated Level I Pre-Screening form.

Does the individual have an expiring approval, or is the individual suspected of having a status change?

No

No further action is required.

Required Documentation:

- Original Level I Screening Form
- Demographic Face Sheet
- History and Physical or physician note within the past 30 days
- Current medication list
- New Level I Screening Form
- Copy of order for new diagnosis, medication, or for other documentation that identifies status change reason

***Pre-Admission Tip:**

The expected turnaround time for a Level I Review is one business day, and the Level II Review is five business days. It is recommended that providers complete the pre-screening form as early as possible to prevent a delay to discharge.
