

Colorado PASRR

Planned Update:

Change Coming to Colorado PASRR Website Password Protected File Access

On Wednesday, October 1, 2025, the process to access protected content on the **CO PASRR Tools and Resources** website will become **more user friendly**. Currently, protected items such as AssessmentPro system training materials are available only by requesting a password from the Help Desk. Beginning October 1, a “lock” icon will appear next to any existing password protected content available on the site. You will have two easy options for unlocking file access:

Option 1 – If you’re on the [CO PASRR Tools and Resources](#) page:

1. Click on any resource link with a “lock” icon
2. You will be routed to the AssessmentPro site > log in using your existing system credentials
3. All password protected items on the website will be unlocked and available for the duration of your website session

Option 2: – If you’re already logged into AssessmentPro :

1. Select the *Resources* option in your account dropdown at top-right of the system screen (*shown below*)
2. This will take you to the *My Contracts* page > select your program link
3. You will be taken to the [CO PASRR Tools and Resources](#) page, where all previously pw-protected items will now remain unlocked for the remainder of your AssessmentPro session
