Important Process Update:

Submitters are Now Required to Include a Fax Number for All Level I Assessments

Please be aware that effective tomorrow, Wednesday September 30, **all submitters must provide a fax number when submitting a Level I**. This change was made at the request of LDH to improve communication with Providers about the Level II process and documentation required. We appreciate your cooperation with this moving forward.

Note: Our clinicians will need to request a fax number for current Level I assessments in the queue in order to complete their clinical review.
