ME PASRR - Save the Date: Join the Maine Program Team for PASRR Training on Tuesday, July 15 at 9 a.m. ET | Registration Details Coming Soon

Mark your calendars! The Maine Program team is conducting **PASRR training on Tuesday July 15, 2025, from 9:00 a.m. to 12:00 p.m. ET**. This important training session cover essential topics such as:

- **Introduction to PASRR** – Understanding the Code of Federal Regulations (CFR) requirements for screening individuals with mental illness, intellectual disabilities, or related conditions.
- **Level I Screening Process** – Reviewing exempted hospital discharges and categorical determinations.
- **Level II Evaluation & Resident Review** – Exploring the role of evaluators and CFR guidance on diagnoses.
- **Person-Centered PASRR** – Incorporating individualized practices into PASRR programs.
- **Specialized Services** – Overview of CMS guidance and case studies on service determination.

Registration information will be shared in the coming weeks, so be on the lookout for more communications, coming soon. **We can't wait to see you there!**

ASK MAINE ASA: Reach Out to the Maine Help Desk with Questions or Suggestions

Do you have questions about any of the programs managed through the Maine Assessing Services Agency (ASA)? Would you like to request a specific topic to be covered in a future edition of the Quarterly Newsletter or maybe in an upcoming program webinar? Don't hesitate to reach out to us for assistance:

To submit a new Referral request: MEPASRR@maximus.com

ME PASRR Program - Quarterly Provider Newsletter: Assessment Best Practice Tips & Reminders

Hello Maine Providers,

For this edition of the **Quarterly Provider Newsletter**, we've gathered several helpful assessment best practice tips and reminders. Please **review the information below and as always, thanks for all you do** to improve the lives of those we serve together.

1. Always work to **keep PathTracker current, as it helps in making sure approvals for the residents are accurate**. This prevents unnecessary future submissions and speeds up turn around times. **If a SSN does not work to admit an individual to the census, using the individual's IID number will work**.
2. The **original admission date for SNFs does not change if person goes out to the hospital and returns**. This will save time and cut back unneeded submissions etc.
3. Complete the boxes on the ICD-10 codes in full. Report MDD under both the MH diagnosis and ICD sections of the PASRR, if you do not know the ICD 10 code mark unknown code. **Statements like "see documents" or ICD-10 codes are not acceptable**. You must list out all diagnoses under *current and past medical diagnoses*.

4. Only send in the **requested, current documentation**, and always **review the attached documentation before submitting**. This step ensures all documents belong to the person under review.

Additionally, **do not copy and paste whole documents into the boxes**, as this causes issues with issuing NOAs.

5. When a med ex is requested from the clinician, **make sure to upload it to Assessmentpro as soon as it's completed and received**.

6. Hospitals do **not** need to submit a new PASRR submission **when a nursing facility resident is transferred to hospital for a medical condition**.

7. Be on the lookout for **new training announcements** coming your way in 2026.
