Quarterly Provider Newsletter: Review Important AssessmentPro Updates | October Training Sneak Peek

REVIEW: Important AssessmentPro Updates

New Password Requirements

Please be aware that there is a new AssessmentPro password requirement. The application now compares the user's selected password against a list of **commonly used, expected, and compromised passwords**. This may include but is not limited to:

- dictionary words
- commonly-used passwords
- repetitive or sequential characters
- context-specific words (e.g., company name, application name, or username)
- passwords that have been compromised in a known data breach.

If a proposed password is compromised, AssessmentPro will inform the user that the password cannot be accepted via the following message:

"The password you entered is too common or has appeared in a known data breach. For your security, please choose a different, unique password."

If you have any questions about updated password requirements, please reach out to the [ME PASRR Help Desk](#).

New Required "Payment Type" Question

Beginning next **Tuesday, August 18**, a new required question will appear on the Level I and Level of Care forms (where applicable) when "Medicaid" is selected as the Payment Type:

"Select the state associated with the individual's Medicaid coverage"

Your program's State will appear at the top of the list, and you can type into the list to filter quickly in the event you need to choose a different state. The picture below uses North Dakota as an example:

What is the individual's method of payment for nursing facility care?*

- ☐ Self Pay
- ☐ Private Insurance
- ☐ Medicare
- ☐ Medicaid
- ☒ Medicaid Pending
- ☐ Medicare/Medicaid
- ☐ Medicare/Medicaid Pending

ID
