Scheduling SIS® Assessments

- ✓ Assessors receive information regarding the individual's providers
- ✓ Assessors will contact the “lead agency” first, followed by conservator, when applicable
- ✓ The assessment is scheduled at a time when all respondents can participate at the same time
- ✓ Please ALWAYS inform the person calling to schedule, if the individual has a conservator involved.
- ✓ ISCs may be contacted to assist in determining current providers, if an individual has transitioned and cannot be located
