SYSTEM UPDATE: Change Coming to AssessmentPro Login Process Tonight, Tuesday, November 1

Please be aware that this evening, **Tuesday November 1**, Maximus IT will publish **updates to the AssessmentPro system**. With these upgrades comes a new way for users to update their passwords.

Currently, when users click the reset password button, a link will be sent to the email address you use to log into AssessmentPro, prompting you to create a new password.

Going forward, instead of receiving a link, a **verification code will be sent to your email address**, which you will enter on the AssessmentPro site, then create a new password (see below):
